

Nuovo KPX337LWRBMW

Caro Partner Ravaglioli,

abbiamo il piacere di annunciare l'omologazione da parte di BMW Germania del nuovo modello di ponte a due colonne:

KPX337LWR BMW

Questa nuova versione del conosciuto modello KPX337WR BMW consente di sollevare i veicoli della nuova Serie 7.

Infatti la nuova Serie 7 (G12) ha un telaio lungo e i punti di sollevamento sono difficili da raggiungere. Per questi motivi, assieme a BMW AG in Germania, abbiamo sviluppato il nuovo modello KPX 337 LWR BMW.

Le colonne sono posizionate ad una distanza interna maggiore, permettendo un accesso più confortevole del veicolo.

I bracci di lunghezza maggiorata permettono di raggiungere in tutta sicurezza i punti di presa di tutta la gamma BMW, inclusa la nuova Serie 7.

Il profilo ribassato dei bracci (altezza minima 80mm) permette di sollevare anche i modelli sportivi della gamma BMW.

The screenshot shows the BMW Service Workshop Equipment website. The main header includes the BMW logo and navigation links for Brand, Language, Legal notice, Change Password, and Logout. Below the header, there's a banner featuring a red BMW car and a person working on it. The main content area has a sidebar with links for Home, Workshop Equipment (News / Top Offers, Catalogue, Downloads), About Us (Our Services, Contact), and a search bar. The main content area displays a news item about the 'Two-post Lifts Ravaglioli KPX 337 LWR BMW'. It includes an image of the lift, a list of top offers (Special tool cabinet 350, ESMS solar battery maintainer system, Hydraulic tool system (BMW)), and sections for Product Changes (HAZET Assistant 179-7) and Product Discontinuation. The bottom of the screen shows the Windows taskbar with various icons like Paint, Mail, and Adobe Reader.

Potete contattare BMW o Ravaglioli per ulteriori informazioni.

Cordiali saluti,
Ravaglioli S.p.A.

New KPX337LWRBMW

Dear RAV Partner,

we are pleased to announce BMW AG approval of a new model of RAV two post lift:

KPX 337 LWR BMW

This new version of the successful model KPX 337 WR BMW allows lifting the new BMW 7 Series.

As a matter of fact the new 7 Series (G12) has a long chassis with vehicle lifting points that are quite hard to reach. For such reason RAV and BMW AG Germany developed the new model KPX 337 LWR BMW.

Columns are installed at a wider distance, offering wider drive through distance and easy vehicle access.

Extended lifting arms allow safe reach of BMW vehicles lifting points including 7 Series.

Extra low arms profile (min. height 80mm only) are designed also for sport models of BMW series.

The screenshot shows a computer desktop with a browser window open to the BMW Service Workshop Equipment website. The page displays a product listing for the 'Two-post Lifts Ravaglioli KPX 337 LWR BMW'. The listing includes a large image of the lift, several smaller images of its components, and a search bar. Below the listing, there are sections for 'Top Offers' and 'Product Changes'. The taskbar at the bottom of the screen shows various application icons, including Microsoft Word, Adobe Reader, and a file explorer. The system tray indicates the date as 11/12/2016 and the time as 06:09.

You may contact BMW AG or Ravaglioli for further information.

Best Regards,

Ravaglioli S.p.A.

Neu KPX337LWRBMW

Sehr geehrter Geschäftspartner von RAV,

Es freut uns, Ihnen mitzuteilen, dass Ravaglioli eine neue Freigabe bei BMW für folgende Zweisäulen-Hebebühne erzielt hat:

KPX 337 LWR BMW.

Diese Version der KPX 337 LWR erlaubt das Anheben der neuen Serie 7.

Aufgrund der größeren Abmessungen der neuen Serie 7 (G12) wurde in Zusammenarbeit mit BMW die KPX337 LWR BMW entwickelt.

Die lichte Weite zwischen den Säulen und die Tragarmlänge sind größer um ein komfortables Anheben des Fahrzeugs zu gewährleisten.

Die niedrige Unterschwenkhöhe (nur 80 mm) ermöglicht auch das Anheben aller Sportfahrzeuge aus dem Hause BMW.

Für weitere Infos können Sie gerne uns, Ravaglioli, oder BMW kontaktieren.

The screenshot shows the BMW Service Workshop Equipment website. The main header includes the BMW logo and navigation links for Brand, Language, Legal notice, Change Password, and Logout. Below the header, there's a banner for 'WORKSHOP EQUIPMENT' featuring images of various workshop equipment. The main content area has a sidebar with links for Home, Workshop Equipment (News / Top Offers, Catalogue, Downloads), About Us (Our Services, Contact), and a search bar. The main content area features a section titled 'Workshop equipment catalogue' with a sub-section for 'Two-post Lifts'. It shows an image of the KPX 337 LWR BMW lift and several smaller images of other workshop tools like a cabinet and a battery maintainer system. There are also sections for 'Top Offers' (Special tool cabinet 350, ESM5 solar battery maintainer system, Hydraulic tool system (BMW)), 'Product Changes' (HAZET Assistant 179-7), and 'Product Discontinuation' (Find out more). At the bottom, there's a taskbar with icons for various applications like Immagine - Paint, Nuovo messaggi..., Adobe Reader, and a date/time indicator (06.09 11/12/2016).

Mit freundlichen Grüßen,

Ravaglioli S.p.A.

Nouveau KPX337LWRBMW

Cher partenaire Rav,

Nous sommes heureux d'annoncer l'homologation par BMW Allemagne du nouveau modèle de pont deux colonnes:

KPX 337 LWR BMW.

Cette nouvelle version du populaire modèle KPX 337 WR BMW permet lever les véhicules de la nouvelle Série 7.

En fait, la nouvelle Série 7 (G12) a un châssis plus longue et les points de levage sont difficiles à atteindre. Pour ces raisons, avec BMW AG en Allemagne, nous avons développé le nouveau modèle KPX 337 LWR BMW.

Les colonnes sont positionnées à une distance interne supérieure, ce qui permet un accès plus confortable pour le véhicule.

Les bras de longueur accrue vous permettent d'atteindre en toute sécurité les points de prise de toute la gamme BMW, y compris la nouvelle Série 7.

Le profil surbaissé des bras (hauteur minimale 80 mm) permet aussi la levée des modèles sportifs de la gamme BMW.

The screenshot shows the BMW Service Workshop Equipment website. The main header includes the BMW logo and navigation links for Brand, Language, Legal notice, Change Password, and Logout. The top banner features a red BMW car and the text 'WORKSHOP EQUIPMENT'. The main content area has a sidebar with links for Home, Workshop Equipment (News / Top Offers, Catalogue, Downloads), About Us (Our Services, Contact), and a search bar. The central area displays a large image of the 'Two-post Lifts Ravaglioli KPX 337 LWR BMW' with a search bar below it. Below this are sections for 'Top Offers' (Special tool cabinet 350, ESM5 solar battery maintainer system, Hydraulic tool system (BMW)) and 'Product Changes' (HAZET Assistant 179-7). A 'Datasheet' link is also present. The bottom of the screen shows the Windows taskbar with various application icons like Paint, Mail, and Adobe Reader.

RAV 'info - Year 2016 Nº16

Nuevo KPX337LWRBMW

Estimado colaborador Ravaglioli,

tenemos el placer de anunciar la homologación por parte de BMW Alemania del nuevo modelo de elevador de 2 columnas:

KPX 337 LWR BMW

Esta nueva versión del conocido modelo KPX 337 WR BMW permite levantar los vehículos de la nueva Serie 7.

De hecho, la nueva Serie 7 (G12) tiene un chasis más largo y los puntos de elevación son bastante difícil de alcanzar. Por estas razones, junto con BMW AG Alemania, hemos desarrollado el nuevo modelo KPX337 LWR BMW.

Las columnas están posicionadas con una distancia interior mayor, facilitando el acceso al vehículo y el trabajo en comodidad.

Los brazos, con una mayor longitud, permiten alcanzar los puntos de levantamiento en toda seguridad de toda la gama de vehículos BMW, incluida la nueva Serie 7.

El bajo perfil de los brazos (altura mínima 80mm) facilitan la elevación de los modelos más deportivos de la gama BMW.

The screenshot shows the BMW Service Workshop Equipment catalogue page. At the top, there are navigation links for Brand, Language, Legal notice, Change Password, and Logout. Below that, there are images of a red BMW car, a workshop interior, and several BMW vehicles. A search bar is present. The main content area features a section titled 'Workshop equipment catalogue' with 'News' and a 'Two-post Lifts' section featuring the 'Ravaglioli KPX 337 LWR BMW'. There are also sections for 'Top Offers' (Special tool cabinet 350, E SMS solar battery maintainer system, Hydraulic tool system (BMW)) and 'Product Changes' (HAZET Assistant 179-7). A 'Datasheet' link is available for the lift. The bottom of the screen shows the Windows taskbar with various application icons.

Pueden contactar con BMW o Ravaglioli para más informaciones.

Cordiales saludos,
Ravaglioli S.p.A.
